

## NEW PRODUCT RELEASE—JULY 2017

### DriveAlign® Laser Tool Updated Tool For Misalignment Detection

The DriveAlign Laser Tool is designed to detect misalignment in serpentine drive systems. The two-piece kit contains a laser tool and a target piece, both of which are anodized red for high visibility in dark engine compartments. Additionally, both pieces feature specially designed magnetic feet to sit perfectly in K-section Micro-V pulleys. The laser beam itself is a large vertical line, and when coupled with the precisely etched groove in the target piece, can be used to easily identify misaligned pulleys and components. All kit components are neatly packaged in a blow-molded plastic case for durability during handling and storage.

### GC16XD Mini Crimper & Pump Introducing Gates' First Portable Crimper

### 414 New Parts for Maximum Coverage

HIGHLIGHTS	NEW SKUs	TOTAL SKUs
BladeRunner® Lawn / Garden Belts	13	634
Branched Radiator Hose	43	508
Gates Micro-V® Belts	5	901
Molded Coolant Hose	17	2753
Small I.D. Coolant Hose	11	1938
Coolant Outlets	55	121
Emission Hose	6	125
Power Steering Assemblies	43	2618
Power Steering Return Line Hose	127	202
RPM Micro-V® Belts	41	292
Turbocharger Hose	4	54
Variable Valve Timing Solenoids	9	116
RPM Timing Belts	5	50
<b>TOTAL NEW PARTS</b>	<b>414</b>	

The Gates Mini Crimper and pump combine the performance and speed of a powered pump with the convenience of a hand pump. Gates' new battery-operated pump has a sealed bladder reservoir that prevents contamination and allows the pump to operate in any position. Combined with Gates' new GC16XD Mini Crimper, you can make factory quality assemblies quickly and easily in the most demanding locations. Need to crimp in tight or awkward spaces? Weighing only 44 pounds, this crimper can be used anywhere.

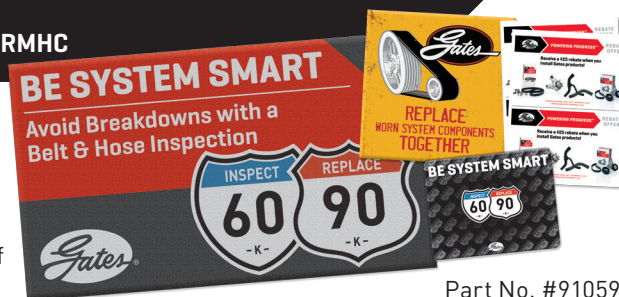

## NEW PRODUCT RELEASE—JULY 2017

### SPECIAL FEATURE: Gates Building Blocks Kits

Gates Releases Building Blocks Kits and Announces Partnership with RMHC

Gates is offering a kit that will help you build your business while supporting Ronald McDonald House Charities®. The Gates Building Blocks Kit includes a floor mat, vintage metal sign, educational messages for consumers aimed at preventive maintenance, and \$100 worth of rebates. Each kit, sold for \$99, will generate a \$25 donation directly to RMHC. RMHC creates, finds, and supports programs that directly improve the health and well-being of children. Direct donations will be accepted at [Gates.com/supportRMHC](http://Gates.com/supportRMHC).

Part No. #91059

### Heavy-Duty Turbocharger Reducer Hose

New Turbocharger Hose Now Available

Fitting popular Navistar/International applications, this heavy-duty turbocharger reducer hose features silicone coated meta-aramid fabric with stainless steel pressure retention rings. Meta-aramid reinforcement provides flexibility and strength for long life in demanding high temperature applications, while the high quality silicone cover provides superior service life and excellent heat resistance up to 500°F (260°C).

### Coolant Hose

Significant Line Expansion

Gates is expanding their molded coolant hose line with almost 70 new small I.D. and radiator coolant hoses, adding coverage to millions of registered vehicles. This includes 30 new parts for imports (with 65% of those covering European vehicles), over 25 new hoses for late model domestic trucks, and 5 new parts for Freightliner trucks. In addition, these new SKUs include 40 branched hoses. Gates has the largest offering of branched hoses in the aftermarket as well as the most complete molded coolant hose offering in the industry.

### RPM Micro-V® Belts

Designed For High Performance Vehicles

Gates is adding 41 belts to its Racing Performance Muscle belt line. This black serpentine belt has been precisely designed for forced induction and high-output engines. Featuring a nylon-fiber reinforced undercord, high-modulus, low stretch Aramid cord, and dual adhesion gum layers, these belts can handle more power and withstand more punishment than any other belt on the market. These features result in lower heat, noise, vibration, and belt slip for increased durability, improved power transmission, and unsurpassed boost.

### 2.7L Kia/Hyundai Timing Kit

New Kit for Specific Applications

Gates introduces a new timing kit for 2.7L Kia/Hyundai vehicles. The kit includes an OE-exact tensioner assembly, OE-performance idler pulley, OE-exact timing belt, and detailed instructions. The timing belt features aramid reinforced tooth fabric for longer wear, premium tensile cords for higher strength, and a specially formulated rubber compound for superior heat and contamination resistance.
