

DRIVEN BY POSSIBILITY™

THE LATEST OE TECHNOLOGY FOR YOUR VEHICLE:

GATES® MICRO-V® BELT

**ULTRA QUIET. ENVIRONMENTALLY FRIENDLY.
EASY TO INSTALL**

Restore your car to original factory specifications with a belt that meets demanding OE requirements — it's the next generation in MICRO-V® Belts.

Engineered with advanced technology and materials science expertise, Gates designed a NEW premium belt solution that matches the long life and noise-free performance of your vehicle's original equipment.

Gates® Micro-V® belts are designed to reduce bending losses, which helps increase fuel economy and reduce emissions.

Import or domestic, car or truck, every vehicle can depend on the superior quality of Gates precision-fit Micro-V® belts. With advanced technology and a standardised global design that matches the OE size, construction and materials, Gates® Micro-V® belts deliver on safety and durability, while ensuring optimal vehicle performance.

When premium belt performance is the only option, choose Gates® Micro-V®.

FEATURES + BENEFITS

Advanced materials and optimised profile enable:

- Ultimate noise resistance in all conditions
- Low-wear materials eliminate tension decay while maximising belt life
- 30% less bending loss helps reduce CO2 emissions and heat generation, while increasing fuel economy
- 35% lower bending stiffness maximises belt life and eliminates cracking
- Made with non-chlorinated compounds and produced with improved manufacturing processes to reduce landfill waste by up to 30%
- Meets or exceeds all industry standards, including SAE, DIN and JASO.

DRIVEN BY POSSIBILITY™

GATES MICRO-V® BELT:

OE TECHNOLOGY FOR YOUR VEHICLE

THE LATEST AND MOST ADVANCED OE TECHNOLOGY FOR YOUR VEHICLE

Specifically designed to meet or exceed demanding OE and customer performance requirements, Gates® NEW Micro-V® belt replaces the original belt that comes on your vehicle with precision fit.

Gates® Micro-V® belts are validated to the latest global industry standards for accessory drive belts, and are put through extensive field trials to confirm performance in real-world conditions. We've worked with top automobile manufacturers all over the world to produce our Micro-V® belts with OE quality to fit virtually any vehicle on the road today.
