

AUTOMOTIVE HOSE

PVC AIRLINE HOSE

Gates light weight PVC airline hose is suitable for air impact tools and general service applications. Fitment is easy with Gates, as the hose is pre-fitted with BSPT fittings for quick fitment of airline connectors.

The hose is made with polyester cord reinforcement providing flexibility and durability and comes in a 20 metre length, so that it can be used in longer distances. In addition, the hose is grease, oil and abrasion resistant. Gates PVC Airline hose also come with the added protection of a 1 year warranty.
