

COOLING SYSTEM

GREEN STRIPE® 2-PLY STRAIGHT COOLANT HOSE

Straight hose designed for demanding heavy-duty coolant/air applications.

- Two-ply bias fabric construction to maximize flexibility and strength.
- Resists “cold water leaks” thanks to advanced EPDM tube and cover that stay soft and pliable, even under adverse operating conditions.
- Reduces water loss from water permeating the hose wall and cover, a distinct advantage over silicone.
- Exceeds SAE 20R1 Type EC (Class D-1 Tube, and cover, Standard Wall).

- Engineered to resist electrochemical degradation – the leading cause of hose failure.
- Cover marked in one-inch increments to facilitate approximate cut lengths. Allows “custom-fit” installations. Temperature Rating: –40°C to +125°C. CAUTION: Do not use for fuel or oil transfer applications. Packaging: 3 ft (0.91M) lengths.
